

**Troy Rhonemus**  
***Executive Vice President, ChromaDex***

Mr. Troy Rhonemus is a top-performing and high-integrity leader with more than 15 years of experience managing operations and supply chain, business strategies, and the roll-out of new processes, technologies, and products.

As an advisor to ChromaDex Spherix Consulting, Mr. Rhonemus will provide ongoing strategic and scientific guidance to our clients to improve the supply chain management of raw materials to meet FDA regulation by developing supply chain strategies, auditing manufacturers, and assisting in the management of suppliers from countries outside the US. As Executive Vice President at ChromaDex, Mr. Rhonemus manages operations and is accountable for new technology development to expand existing product portfolios. Prior to his current position, Mr. Rhonemus held several positions at Cargill. As Truvia® Business Process Manager, he served as the product line lead for managing the operations and supply chain of the Truvia® enterprise from leaf to consumer products. As Technology Manager, Mr. Rhonemus served as technical lead for process and product development for Truvia® consumer products and ingredient business.

Mr. Rhonemus previously served as Principal Research Scientist at E&J Gallo Winery, where he developed experimental designs to ensure that all project work was statistically valid in the lab, pilot, and production wineries. Prior to that, he served as Senior Research Scientist and as Process Technology Manager at Cargill. In these positions, Mr. Rhonemus solved technical problems and implemented new technologies into production. He identified potential tolling facilities, coordinated tolling efforts, directly supervised and developed new processes and solved technical issues in existing business units in Cargill.
